RECYCLING

THE GREEN CHOICE

Mint+ is committed to decreasing the environmental effects of electronic waste through reusing and recycling electronic devices.

Energy Consumption

Energy & Fossil Fuel Consumption From Production of New Devices.

Production Emissions

81% of Carbon Emissions Produced During Production of New Device.

Transportation & Logistics

3% of Carbon Emissions Produced During Transportation.

Electronic Waste

Over 5.3 Billion Mobile Phones Alone Will Be Thrown Out this Year.

We are a part of the circular economy model, which emphasises extending the lifespan of products rather than continually creating new ones. This approach is more sustainable and eco-friendly in the long run.

OUR GRADING

AS NEW

Pristine Mint+ smartphones has no signs of wear – it looks new with no damage or faults. The phone is unlocked, fully tested, and works like new.

VERY GOOD

Very Good Mint+ smartphones may look a little more loved with light signs of wear, such as small scratches, but no notable marks. The phone is unlocked, fully tested, and works like new.

GOOD

Good Mint+ smartphones have visible signs of wear, such as scratches, dents, or other marks. The phone is unlocked, fully tested, and works like new.

LIFECYCLE SOLUTIONS

Certified Erasure with Globally Recognised Compliance:

Blackbelt360's DataWipe helps retailers, marketplaces, and supply chain services, to comply with stringent international standards such as CCPA, EU-GDPR, SOX, GLBA, HIPAA, ISO 27001, and the rigorous US NIST Special Publication 800-88 and US DoD 5220.22-M. These certifications confirm that DataWipe meets the highest standards for data sanitisation.

diagnostics

by blackbelt³⁶⁰

- **Efficient and Secure:** Enables fast, secure data deletion across multiple devices simultaneously. Fully compliant with international privacy standards.
- **Broad Compatibility:** Supports all major operating systems, including Android and iOS for smartphones, as well as Windows and macOS for PCs and Macs.
- **User-Friendly Interface:** Simplifies multi-device processing, minimising complexity and boosting productivity.
- **Transparent Auditing:** Offers a comprehensive audit trail for each device, detailing the wiping method, date, and device identity.
- **Certified Data Erasure:** Issues a DataWipe certificate for each device, verifying the successful and permanent removal of data, adhering to global data protection laws.

datawipe

by blackbelt³⁶⁰

- **Comprehensive Testing:** Executes a full suite of tests, creates detailed repair records, and assigns grades to multiple devices simultaneously
- **Flexible Access:** Available as both desktop and mobile applications, optimising the testing process for smartphones and Windows and Mac PCs with improved speed and reliability
- **Versatile Use:** Ideal for retail and supply chain environments, demonstrating broad deployment potential
- **Efficient Documentation:** Enables direct email dispatch of usage data and test certificates from the user interface
